Re: Bifurcating the III Division Bangalore city into two parts and appointment of extra

Letter no F2.C.2046-110/46-47 dt 20.9.1946 from the Director of Food Supplies, submitting proposals for the bifurcation of the III Division in Bangalore city into two parts, Viz., III A and III B. for purposes of Food Supplies Administration.

It is reported that the III Division, Bangalore city has to deal with 18250 ration cards covering a population of 103,000 and that this is more than double the cards and population in any other division (except the II Division). As the jurisdiction is very extensive, the city Municipal authorities have formed three Sub-divisions Styled - III A, III B and III C. - all of which are comprised in a single Food division under the Rationing Scheme. This division consists of 35 fair price distribution centres, 1 Standard cloth depot, 10 Kerosene oil shops and 50 shops. As the work in this division is increasing steadily and the existing staff of 1 Food Inspector, 5 Assistant Food Inspectors 1 clerk, 4 Peons and 2 Peons are unable to cope with it, the DFS has solicited sanction for bifurcating the Division into two parts Viz: III A and III B

Secretary to Government,
Food Department, Bangalore.

SIR,

***Subject:*** Bifurcation of III Division in Bangalore City into two parts viz., III A and III B for purposes of Food Supplies Administration.

--

I have the honour to state that the Rationing Officer, Bangalore City, has sent up a proposal for the bifurcation of the III Division of Bangalore City into two Divisions for purposes of Food Supplies administration. He states that the III Division - covers a vast area, consisting of 18,250 cards registered in this Division involving a total population of 1,03,000. Applications for reduction, enhancement, bifurcation of families, change of residence, transfer of one member of the family to another, new arrivals etc., are quite frequent and delay in the disposal of these with the consequent inconvenience to the public is inevitable. This Division consists of 35 Distributing Centres of foodgrains, one standrad cloth Depot, 10 Kerosene oil shops and 50 Hotels.

2. The staff consists of one F.I., 5 Assistant Food Inspectors, one Clerk, Four Attenders and two peons, one Assistant Food Inspector is retained for Office work for the preparation of returns, offtake statements etc., and to attend to correspondence work, issue of bread coupons and Bread Ration cards. The Food Inspector and 4 Assistant Food Inspectors cannot effectively supervise the rationing work of this division and attend to the requirements of the public without giving room for complaints from the public. It is seen that the number of petitions received in the Division is

increasing steadily and the prompt disposal of these has become an practical impossibility. In addition to the above the Food Inspector has to interview the numerous visitors who found difficulties in obtaining their rations, settling by personal verification cases of short measurements, issuing emergency slips wherever necessary, issue of sugar on "B" class cards etc. Usually there will be a very big crowd waiting at the Divisional Food Office and a good deal of the Food Inspectors' time is taken away in attending to their requirements. Moreover it is reported that 75% of the population in this Division is poor and ignorant, and strangers to the official routine and need prompt attention. The Food Inspector also has to supervise the work of the Assistant Food Inspectors and the working of the distribution centres, and arrange for replenishing the stocks in the Depots etc. These duties are too onerous for one Inspector to manage.

2) From a perusal of the marginally noted statement showing the population and the number of cards registered in each of the Divisions, it may be seen that the III Division, has more than double the population and cards than any other Division (except the IInd Division) and hence the imperative necessity for the bifurcation of the Division. In this connection, it may be added that due to the vastness of the Division, the municipal authorities have already divided this division into three Sub Divisions.

| No. | No.of cards. | Population. |
|---|---|---|
| 1. | 8009 | 46,334. |
| 2. | 10022 | 51,442. |
| X | 8761 | 48,557. |
| VI. | 7954 | 46,347. |
| VII. | 8515 | 51,228. |
| VIII | 6297 | 40,481. |
| IV. | 8317 | 43,747. |
| V. | 5774 | 21,208. |
| III. | 18250 | 103.000. |

The proposal involves an extra cost of Rs.520-8-0 p.m. on establishment contingency and Office rent as detailed below. (Page 3)

In the circumstances detailed above, I agree with the Rationing Officer, regarding the urgent need for the bifurcation of this Division into two for purposes of Food Administration. I request that sanction of Government may kindly be obtained to the said bifurcation and the appointment of the required extra staff immediately.

Sir,
Your most obedient servant,

Addl. Director of Food Supplies.

Subject: Regarding the petition from the residents of III Division explaining of difficulties in getting rations etc.,

--

With reference to your memo No.E2-16-C.107/46-47 datee 5-7-46 and subsequent memo No.E1-39-C.283/46-47 dated 15-7-46, calling for a report on the petition of the residents of III Division Bangalore City on the above subject with particular reference to the 14 specific cases mentioned in the petition, I have the honour to state as follows:-

The report dated 5-8-46 bearing No.C.1.P.R.65/46-47 received from the Asst.Rationing Officer,Central Circle, in this connection is herewith enclosed. The delay in the disposal of applications of parties in III Division can be accounted for only by the heavy work in this Division. Thepopulation in this division is 1,03,000 and the No.of cards existing here is 18250. Its jurisdiction is also large comprising of distant localities, like Magadi Road, Kempapura Agrahar and Goripalya. The public have to move over long distances to appraoch the food Office. Onreaching the food office, they heve to wait for hours before any ~~reaching the Food Office~~ attention could be paid to them. This is inevitable in view of the heavy rush of petitioners from morning to evening every day.

Out of the 14 cases shown in the list only seven (7) cases were traced in the petition registers maintained in the Food Office and when the parties were sent for only six of them appeared. In three cases the petitions were disposed of subsequent to the date of the petitions and in other two cases the petitioners were being attended to by the staff. When the Assistant Rationing Officer, Central Circle, held an enquiry in this connection, it was ascertained from the persons that they had nothing to complain against the staff and also they were aware of the huge crowds at the Food Office whenever they went there.

Under the above circumstances it is to be admitted that some delay in the disposal of petitions in this Division cannot be avoided. I beg to state that the only solution to this difficulty

difficulty is to bifurcate the division into III A and III B. Separate proposals in this behalf have bee submitted in this Office letter No.A4-20-C.149/46-47 dated ~~xxx~~ 31-8-46.

The enclosures received with the memos referred to above are herewith resubmitted as desired.

For Director of Food Supplies.

C.P.R 63/46-7

PROPOSALS FOR BIFURCATING THE III DIVISION INTO TWO DIVISIONS.

JURISDICTION: Under the Rationing Scheme jurisdictions were formulated by adopting in all its entirety the Municipal Divisions. At present the Municipal Division of the Third Division is formed into three sub-divisions styled as III A, III B, and III C. Though the Municipality has recognised the largeness of the Divisi and thus divided ~~int~~ it into three separate units, the whole Division is considered as one unit under the Rationing system. The area of this Division is comprised as follows:-

East :- Avenue Road South of Chickpet Circle to Market Square.

North - Chickpet main Road right up to good-shed and on continued as Magadi Road to the Municipal Limits.

South - Mysore Road from the Market Square up to Municipal Limits.

West - Municipal limits from Mysore Road to Magadi Road.

A miniature rough sketch is given below:

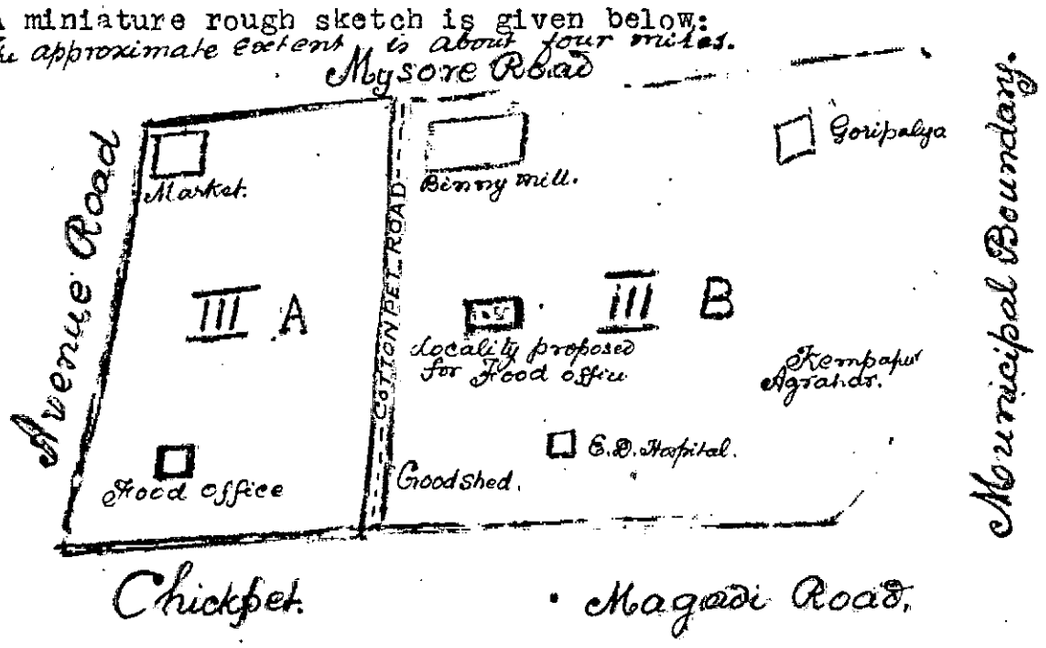

Fig. 1.

Nature of Work:

18,250 cards are registered in this Division involving a total population of 103000. Any application for reduction, enhancement, bifurcation of families, change of residence, transfer of one member of the family to another, new arrivals etc., involves a good lot of proceedure as follows:-

1. Verifying the bonafides of the applicant,

2. Referring to the concerned Asst.Food Inspector for verification of residences and tracing the previous tenant and cancelling his card.

3. Report of the Asst.Food Inspector on his fact finding enquiry,

4. Scrutiny again by the Food Inspector as to whether the enquiry has been thorough,

5. Endorsing the addition or alteration or the issue of a new card as the case may be,

6. Entry into tthe various Registers maintained in the Office, such as Petition Register, Mutation Register, Street Indbx, Register. and Card Abstract Register,

7. and intimating the Distributing Centre for making entries in the assignment Register and the counterfoils.

WORK TO BE TURNED OUT IN A FOOD OFFICE.

Preparing Permanent Ration Cards,
Recommending Temporary Ration Cards,
Issuing certificates when cards are surrendered and getting their assignment cancelled,
Fishing out for cards that are misused by psuedonimous person
Preparing of Duplicate Cards,
Checking of Distributing Centres,
Adjustments of Food Grains brought on Permits;
Issue of bread Ration Coupons and preparing Bread Ration Card
Enquiring and recommending special rations to special occasio
Checking of Ayurvedic and Unani Dispensaries,
Checking of Hotels, Bakeries, Hostels, Sweetmeat Shops, Kerosene oil shops, Fuel Depots, and visiting subgodowns to avoid complaints. (Further the localities in this Divis in particular are over-crowded by population mostly of business-men coolies and other labouring classes and workers of Binny Mills and Provincial Reserve Police Force).

This Division has 35 Distributing Centres of food-grains, one Standard Cloth Depot, 10 Kerosene oil shops and 50 hotels.

The staff consists of one Food Inspector, five Assistant Food Inspectors, one clerk, four attenders and two peons. One Asst Food Inspector is retained for office work for preparation of returns, dailies, weeklies, fortnightlies, monthlies, Off-take statements etc., to attend to correspondence work and issuing Bread coupons and Bread Ration Cards. The other four Assistant

Assistant Food Inspectors have to check up distributing centres, hotels, bakeries etc., in addition to an average of 15 enquiries per day. Each enquiry takes about 25 to 30 minutes and this alone takes the Asst.Food Inspector about 6 to 7 hours per day. Further he has to devote certain hours in the day for inspecting distributing centres allotted to him (about 8 or 9) and for detailed inspection of one shop at least per day. He has also to collect statistics for returns, examine stock position of distributing centres and take immediate action for replenishment of stock.

The work of this Division has always been on the increase owing to the following reasons:-

1) Flow of people from outside the City inquest of employment arriving and settling down in such receptive areas like Magadi Road, Kempapura Agrahara, Goripalya where houses are cheap and generally available.

2) And gradual move on to nearer but congested areas around Binny Mills in Cottonpet, Ranasinghpet, Pension Lines and other surrounding areas.

3) And a gradual move on to better localities outside the Division.

4) Additions by way of fresh arrivals being the dependants of original settlers.

5) Constant recruitment to Binny Mills and frequent discharge involving change of distributing Centres; and constant changes and transfers of P.R.P. Staff.

6) Frequent additions, reductions, or shifting from house to house of the poorer classes.

7) Floating population residing in Chatrams and other places wherever accommodation is available for temporary residence in this Division owing to nearness to Mills, Market, Bazaar Street and hospitals.

8) Promulgation Food Restriction Order making it incumbant on the staff to exercise greater vigilance to prevent infringement by the hotels and other institutions in this Division

9) Introduction of Bread Rationing involving of check on bakeries.

10) Tightening of rationing rules making them imperitive to conduct the closest scrutiny and reports.

The following are the figures of petitions ~~papers~~ received in this office for the last 12 months. There has been a steady increase in the number and towards the later part it has become a very serious strain on the staff to manage.

In addition to all this the Food Inspector has to interview visitors who find some difficulties in obtaining ther rations such as providing rations in other distributing centres, whenever stock runs out in a distributing centre, settling by personal verification cases of short measurements, allowing change of quality of rice in cases of sickness, issuing emergency slips wherever need arrives issue of sugar on "B" Class cards, etc., etc. To mete out such relief alone in a day an officer of the status of a Food Inspector is exclusively necessary. Seventy five to eight per cent of this locality are poor and ignorant and strangers to the official routine prevailing in this offices and need prompt attention.

The following statement shows figures regarding the number of cards registered in other Divisions in the City, the number of Distributing centres located and the staff existing and is self-explanatory regarding the vastness of the jurisdiction, the quantum of work and the paucity of staff in this Division.

| Division. | No.Of Cards. | Population. | Distributing Centres. | Asst. F.Is. | Clerks. | Attend-ers. | Peons. |
|---|---|---|---|---|---|---|---|
| I | 8009 | 46334 | 27 | 4 | 1 | 2 | 2 |

| VIII | 6297 | 40481 | 18 | 4 | 1 | 3 | 2 |
| IV | 8317 | 43747 | 25 | 4 | 1 | 2 | 2 |
| V | 3774 | 21238 | 9 | 2 | 1 | 2 | 2 |
| III | 18250 | 103000 | 35 | 5 | 1 | 4 | 2 |

In the above circumstances it is hereby submitted that this Division may be bifurcated into two separate Divisions III A, and III B, with the following boundaries.

III A. ... ... East: Avenue Road.
North: Chickpet up to Cottonpet square.
... ... ... South: Mysore Road to Briand Square.
West: Cottonpet Main Road.

III B. ... East: Cottonpet Main Road.
North: Taluk Catchery Road (Chickpet Road) continued on to Magadi Road from Cottonpet Circle.
South: Mysore Road from Birand Square to Municipal Boundary.
West: Municipal Boundary on Mysore Road and Magadi Road.

The two Divisions after bifurcating are demarcated in Blue and Red Pencial lines in the sketch on page 1.

The streets and areas comprising the III B are given in the Appendix. The remaining streets of the III Division may be constitued into III A. The B.W.Mills has to be included within III B. Totalling up the cards as contained in the streets and adding about a thousand cards (outside) that may be assigned from other Division to B.W.M.Mills Stores, it may be safely stated that more than 8000 cards are to be assigned to this Division.

The following distributing centres may be transferred to the Division that may be formulated.

1. B.W.M.Stores.
2. P.R.P.Depot, Mysore Road.
3. N.S.Raju Setty, Magadi Road.
4. T.S.Hutchappa & Sons, Magadi Road.
5. H.K.Munivenkataswamappa, Goripalya.
6. Mohamed Basheer Bros., Mysore Road.
7. C.K.Syed Altaf Hussain, Mysore Road.
8. M.Hanumanthappa, Cottonpet.
9. B.K.Thimmasetty, Akkipet.
10. T.S.Adaviappa & Sons, Akkipet.
11. Viswanatha Setty, Akkipet.

The Office premises for III B, will have to be located in the centre of Cottonpet Road or in the locality round about Good-shed as this would be nearer to people coming from Goripalya, Magadi Road, Mysore Road etc.

Out of the present staff of five Assistant Food Inspector and one clerk and four attenders, one A.F.I, and two attenders may be withdrawn and posted to the new Division.

The additional staff then required will be:-

| | | |
|---|---|---|
| One Food Inspector Rs.100 plus 20 C.A.& 22/8 D.A. | | Rs. 142-8-0 |
| Three Asst.Food Inspectors Rs.50 plus 10 C.A. & 18 D.A. (In all four A.F.Is as in the other Divisions). | ... | Rs. 234-0-0 |
| One Clerk Rs.25 plus 15 D.A. | ... ... ... | Rs. 40-0-0 |
| Two Peons Rs.11/- plus 15 D.A. | ... ... ... | Rs. 52-0-0 |
| Contigency Amount | ... | Rs. 2-0-0 |
| House Rent | ... ... | Rs. 50-0-0 |
| Total | ... ... | Rs. 520-8-0 |

The extra cost involved per is Rupees 520-8-0.

Early orders are solicited in the matter as the Division in its entirity has been too unwieldy to be managed by one Food Inspector and that its bifurcation into 2 Divisions as above would be nothing but giving immediate relief to the public who are at present necessitated to wait for days at the Divisional Food Office in spite of best efforts on the part of the staff.

Food Inspector, III Division.

SIR,

*Subject:* Bifurcating the III Division Bangalore City into two parts and the appointment of extra staff.

---

Adverting to your letter No.SD. 2024/A.113-46-2 dated 9th October 1946 on the above subject, I have the honour to enclose herewith a proposition statement duly verified by the Auditor and Accounting Officer together with a copy of his remarks on the proposals. I have to reiterate in this connection that the III Division is almost double the size of any other division in the City and it would be absolutely impossible for one Food Inspector to manage the rationing work of the entire division efficiently and without going giving room for justifiable complaints from the public of delay and hardship.

2). I am of opinion that the bifurcation of the division is quite necessary in the interests of the efficient and prompt conduct of rationing work.

3). I request early sanction of Government to my proposals.

I have the honour to be
Sir,
Your most obedient Servant,

FORWARDED WITH COMPLIMENTS.

DIRECTOR OF FOOD SUPPLIES.

Addl. Director of Food Supplies.

Copy of the remarks of the Auditor and Accounting Officer, Food Supplies, Bangalore, on the proposals.

---

The Assistant Rationing Officer, Central Circle, has requested the Rationing Officer either to bifurcate the III division or to give extra staff to cope with the heavy work of the division. Since the number of cards assigned to the Division is 18,250 and the distribution centres of foodgrains are 35, the clerical and executive work is rather heavy. Hence an additional staff consisting of three posts of - Asst. Food Inspectors on Rs. 50/- plus 10/- C.A. plus 15/- D.A. per month and a clerical post on Rs. 25/- plus 15/- D.A. per month as proposed by the Director of Food Supplies may be sanctioned instead of bifurcating existing division. The extra cost if this is sanctioned will be Rs. 3288/- per annum instead of Rs. 6722/- now proposed.
